

Hello Masaharu,

I hope that you are well and are keeping away from the covid-19. We have had no community cases in NZ for 88days but have 23 people who came from overseas and tested positive while in quarantine for 14 days.

We are very fortunate in NZ.

I saw from face book that you saw my photo at the French Bastille day celebration. In 2019 I was fortunate to lead a Waipa Council delegation to France for the 100 year commemoration of the Liberation of Le Quesnoy from the Germans.

I chair the Sister City committee for the Cambridge Community Board. We had expected a visit from Bihoro in June but it could not take place because of covid-19 so we are hopeful the delegation will come next year.

The Yamaki Fund investment is going well and is currently at \$ 143,120. Brent Nielson is now the Chairman of the fund so it is in good hands.

After 9 years I have handed the deputy Mayor over to Liz Stolwyk, she came to Bihoro with me on the last visit She is the Blonde lady.

Please come and stay with us on your next visit, we live in the town centre.

Kind Regards,

Grahame Webber.
